eServices Release 30 July 2019

What Changed?

- New Application “**Software Product Keys**”- This restricted application was created to assist with the upgrade process required for computers we supplied that are still on Windows 7 operating system. Windows 7 will no longer be supported effective **January 2020**. Therefore, all laptops purchased in FY2014 and FY2015 are required to be upgraded from Windows 7 to Windows 10 Professional, 32-bit by **15 January 2020**.

The intent of this restricted application is to allow the following Region, Wing, Group and Unit duties access to the Window 10 Download and Product Key by entering a valid Serial Number that is logged in our O.R.M.S. application.

- Commander
 - Vice Commander
 - Chief of Staff
